

REMARKS

Claims 40-53 are pending after inclusion of the present amendment.

In the Office Action dated November 30, 2009, the Examiner rejected claims 40-43 under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent Publication No. 2005/0105350 to Zimmerman ("Zimmerman") in view of U.S. Patent No. 6,901,494 to Zumkehr ("Zumkehr") and evidentiary reference Micron 1Gb: x4, x8, x16 DDR RAM ("Micron").

The Applicant would like to thank the Examiner for the telephone interview on March 1, 2010 and the follow up interviews on March 9, 2010 and March 16, 2010. During the interview on March 1, 2010 the Examiner and the Applicant discussed the present application and the Zumkehr reference. During the interview on March 16, the Examiner agreed that proposed amendments to claim 40 would overcome the cited references. New claims 44-53 have been added.

All claims are in condition for allowance. Favorable consideration and a timely Notice of Allowance are earnestly solicited.

Respectfully submitted,

DORSEY & WHITNEY LLP
